### FINANCIAL

NEW YORK, May 29.—Money—Easy at 1 per cent. Prime mercantile paper, 4@5 per cent.

Foreign Exchange—Dull at \$4.80; demand, \$4.88.

Governments—Steady and unchanged. In stocks prices were somewhat irregular, taking the day as a whole and weak, declines this evening as compared with twenty-four hours ago ranging from 1 to 1c. In early trading this morning there was a drive made in the market which reduced prices small fractions from the opening quotations but which met in a short time, but sustaining orders. Highest prices were reached generally before noon. In the afternoon the market became dull, with a dropping tendency, but without any decided break, which continued until 1 o'clock, when prices again yielded. The decline was checked shortly before 3 o'clock and the market closed steady on a rally of 1 to 1c from the lowest quotations of the day.
